What are we looking for-

We are seeking a highly motivated and enthusiastic DotNet Trainee Developer to join our growing team. This entry-level position is ideal for recent graduates or individuals with up to 6 months of experience who are eager to kickstart their career in software development and learn industry best practices. You will work closely with senior developers and contribute to various stages of the software development lifecycle.

Responsibilities

- Actively participate in training programs, workshops, and self-study to develop proficiency in C#, .NET framework/Core, and related technologies.
- Assist senior developers in writing clean, well-structured, and efficient code for new features and enhancements.
- Help identify, analyze, and resolve software defects and issues under guidance.
- Assist in creating and maintaining technical documentation for code, designs, and processes.
- Work effectively within a team environment, participate in team meetings, and communicate progress and challenges.
- Learn and utilize version control systems (e.g., Git) for collaborative development.
- Embrace feedback, learn from mistakes, and continuously strive to improve technical skills and problem-solving abilities.
- Follow coding standards, best practices, and project guidelines.

Requirements:

- Bachelor's degree in Computer Science, Information Technology, Software Engineering, or a related field (or equivalent practical experience).
- Fundamental understanding of programming concepts, data structures, and algorithms.
- Basic knowledge of C# programming language syntax and concepts.
- Awareness of the .NET framework or .NET Core.
- Understanding of core OOP principles (Encapsulation, Inheritance, Polymorphism, Abstraction).
- Basic understanding of relational databases and SQL queries.
- Strong analytical and problem-solving skills with attention to detail.
- Good written and verbal communication skills.
- Ability to work collaboratively in a team-oriented environment.
- A strong desire to learn new technologies and adapt to evolving project requirements.

What is on Offer

- Competitive salary and benefits package (health insurance, paid time off, etc.)
- Well-defined buddy program for every new joiner
- Dedicated mentors to help you learn and perform efficiently in your projects
- On-project deployment from day 1 to help you learn and rise on-the-go
- Conducive work environment that includes festival celebrations, regular events, etc.
- Flexible work hours to maintain work-life balance

Equal Opportunity Commitment

At Arna, we foster an environment where every employee feels valued, respected, and empowered to contribute their unique perspectives and talents to our success. We welcome people from all backgrounds irrespective of their race, color, religion, gender, sexual orientation, national origin, disability, or age.

Next Steps

If you are passionate about being a part of a company that is growing rapidly, we would love to hear back from you. Please fill out a short form by clicking on the following URL.
